

Saugeen First Nation #29

March 23, 2026

Members of Saugeen,

The Saugeen Chief and Council are pleased to introduce the Policing Feasibility Study currently underway for Chippewas of Saugeen First Nation #29. This important initiative will explore future policing options that better reflect the community's priorities, values, and expectations—ensuring safety, strengthening trust, and supporting overall wellbeing for all members.

KPMG is helping the Nation prepare a feasibility study for policing in our community. The study will define what policing could look like for our Nation and what would be required if the Nation were to pursue an agreement with the Anishinabek Police Service.

As we begin this work, we want to understand the community's priorities for safety, and perspectives of what effective policing looks like for our Nation. We invite you to participate in a community engagement session to share your priorities and ideas about the future police service.

In the coming weeks, there will be several ways for Nation members to participate, including sessions with youth, elders, and the community as a whole. We will also share an online community survey for those who cannot attend one of these sessions. Additional information will be posted on our website.

Engagement sessions are scheduled as followed:

Town Hall Open House/Drop In – Wednesday April 8th, 2026, from 5:30pm to 6:30pm

Community Meeting – Wednesday April 8th, 2026, from 6:30pm to 8:30pm

Elders Focus Group – Thursday April 9th, 2026, from 11:30am to 1:00pm

Youth Focus Group – Thursday April 9th, 2026, from 4:30pm to 6:00pm

Please stay tuned for detailed postings on these engagements in the near future. Thank you in advance for taking the time to participate and share your perspectives. We look forward to hearing from you as this work moves ahead.

In Unity,

Chief & Council
